Close of Week in Stock Market Greeted With Relief by All.

MARKET CLOSED VERY WEAK

Market Sold Off to the Lowest Point in Several Years Past.

NEW YORK, October 19.—The close of the two hours' session of the Stock Exchange to-day was greeted with relief as the end of a troubled and anxious week. The breathing spell over the week-end is looked upon with satisfaction and with hopes of a clearing up of troublesome factors and a re-establishment of confidence. That confidence was still lacking to-day, was shown by the feverish and uncertain fluctuations of prices. The whole market sold off to the lowest of the day in the final dealings and closed weak. These prices are, as a rule, the lowest made in the stock market for several years past. The bank statement disclosed the progress of this policy, although the \$5,55,690 loan contraction was considered exceedingly moderate in view of the drastic purging that has been going on in the stock market during the week. The fact that the clearing house committee was in session and the surmises as to the field of its further possible activities was a prime further possible activities was a prime actor in the unsettlement of the mar-
